SUPPLEMENTARY INFORMATION:

Title: TE/GE Compliance Check Questionnaires.

OMB Number: 1545-2071.

Form Number: Not applicable.

Abstract: These compliance questionnaires are a critical component of TE/GE's comprehensive enforcement program. TE/GE uses these questionnaires to gain a better understanding of the compliance behavior of individual segments of the tax-exempt community and to identify and resolve specific instances of non-compliance with the laws and regulations governing tax-exempt organizations, employee pension plans, tax-exempt bonds and governmental entities.

Current Actions: There are no changes to the collection efforts, however we are asking to increase the burden estimates (by 16,500 hours) previously approved by OMB, to better reflect ongoing activities. This request is for renewal purposes only.

Type of Review: Extension of a currently approved collection.

Affected Public: Tax Exempt organizations (including recipients of Tax-Exempt Bonds), Sponsors of Employee Plans, or

Government entities.

Estimated Number of Respondents: 9,000.

Estimated Time Per Respondent: 6 hours.

Estimated Total Annual Burden Hours: 54,000.

The following paragraph applies to all of the collections of information covered by this notice:

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless the collection of information displays a valid OMB control number. Books or records relating to a collection of information must be retained as long as their contents may become material in the administration of any internal revenue law. Generally, tax returns and tax return information are confidential, as required by 26 U.S.C. 6103.

REQUEST FOR COMMENTS: Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval. All comments will become a matter of public record.

Comments are invited on: (a) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information to

be collected; (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology; and (e) estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information.

Approved: October 11, 2013.
